Meeting Notes by: Brad Bardwell

A. Meeting called to order by Jeff @ 9:02

- Meeting Notes for March 2025 were read. M/S Rick / Jeff
- New business was moved to the top of the agenda to let the visitors talk first.

B. NEW BUSINESS

- Visitors Christie and Tim consider water service to be unacceptable. The primary concerns are sediments in the water, poor taste and periods of low water pressure. Christie encouraged continuing to develop the website. A discussion with the board followed.
- As a followup, the board asked the operator (Dave) to look at the well logs and to become familiar with the engineering that was done regarding replacing the 4" main. Some ideas for possible low cost interim improvements were discussed.
- The board discussed possibly attending the WASWD spring conference and decided no one will attend.

C. OPERATORS REPORT:

- Dave collected a BacT sample and talked to a customer in response to the customer's concern with water quality.
- No other issues

D. FINANCIAL REPORT

- The expenses for March were \$5,387 and revenue was \$6,245.
- The county cross fund report was summarized.
- The bill for the leak repair in December was \$1,803
- The generator propane tank was refilled. In the future the treasurer will arrange a refill annually in the fall.

E. OLD BUSINESS

- With contracted leak repair being less than anticipated, the treasurer concluded that acquiring a backhoe would not be cost effective.

M/S by R/B to adjourn the meeting at 09:40.
